COMMISSION
OFFICE OF THE SECRETARY

RE: Docket No. RM2017-3

Dear Commissioners:

We join the National Catholic Development Conference (NCDC), the Alliance of Nonprofit Mailers, and the nonprofit mailing community in urging you to reconsider your proposal to increase postage rates several times the rate of inflation. Increases that are estimated to reach 7 percent a year, or 40 percent compounded for five years, will not reform the United States Postal Service and will have a major negative impact on both the agency and its customers.

As a nonprofit, we rely on mail for the majority of our fundraising. But we operate on a limited, fixed fundraising budget each year, so if postage goes up as much as you contemplate, we will be forced to greatly reduce our mailings. This will have a disastrous impact on our revenue and our mission.

Our mission is to help the retired friars with health care costs, help the poor in Austin Texas and in Greenwood, MS.

Postage increases totaling 40 percent over the next five years will have the following impact on our mission and the people we serve, the children at St. Francis of Assisi school in Greenwood, MS, the education of our young friars, serving the poor in Steven's Point, WI, and Austin Texas.

Please do the right thing and reconsider your proposal.

Sincerely,

Patti Bergerson
Development Director
